## Summer Newsletter

Welcome to our first online newsletter- Issue 58 June 2020

### MAYOR'S MESSAGE

If we had been told six months ago how our lives would be today I'm not sure we would have believed it, but during these difficult times please follow Government advice and protect yourself, your family and friends, the community and our wonderful NHS staff from this terrible virus.

Due to Government guidelines Councillors are unable to hold Council and Committee meetings in person, so for the past few months we have held Full Council meetings using technology and the internet. Many town and Civic events have also had to be cancelled, including our annual Mayor Making, which was due to take place on 5 May. Therefore, I will remain in office for the next twelve months and Cllr Kathryn Cargill will remain as Deputy Mayor. The mayoral charities for this year will also remain the same.

I am so proud of our town and our fantastic community spirit and as always, we are all pulling together to battle this crisis and to support each other during these difficult and challenging times. I would like to say a very big thank you to my fellow councillors for the commitment, time and hard work that they have put into setting up the Alcester Community Resilience Support Network. This network is not only available for the residents of Alcester but also to residents of the surrounding areas. We also owe a great debt to all the volunteers that have come forward to make the Resilience Network function. If you find yourself in isolation or finding it difficult to leave your house and you need help or assistance and have access to the internet, please join the Facebook page: Alcester Community Resilience or call the helpline: 07707 598379. Alternatively, email [alcester.response@outlook.com](mailto:alcester.response@outlook.com). Once again, I would like to pass on my thanks and gratitude to everyone for all of your efforts in this time of unprecedented uncertainty.

*The Mayor's Consort, Cllr Tim Forman, The Mayor, Cllr Gill Forman and the Mayor of Stratford upon Avon Town Council, Mrs Kate Rolfe*

In February we held the Mayor's Civic Dinner. This was very well attended by many civic dignitaries from surrounding towns. I would like to thank [Florence Cain](#) for her fantastic musical performance during the evening, a truly talented young lady. She won the BBC Young Chorister of the year in 2016 and the Rotary International of Britain and Ireland Young Musician of the year in the vocal category in 2019. We were very fortunate to secure her services.

On 9 March Alcester joined many other communities in celebrating Commonwealth Day by holding a Flag raising ceremony on Church Green. During the ceremony I read out the Queen's message to the people of the Commonwealth.

On Friday 8 May the Country celebrated VE Day, 75 years since the second world war

ended in Europe. Unfortunately, due to the Covid 19 virus restrictions, all the wonderful events the Alcester branch of the Royal British Legion had organised had to be cancelled. Again, the community spirit of Alcester shone through and many streets and roads in the town organised their own street parties, including the road where I live- of course sticking to social distancing rules. Whilst this was not how everyone had originally planned to celebrate such an historic event, I hope you enjoyed your day as much as I enjoyed mine.

Please continue to follow government advice and guidelines so we can overcome this crisis, meanwhile may you all stay safe and well.

*Cllr Gill Forman, Mayor of Alcester*

## Clerks Corner

Following government advice, the Town Council offices have been closed since March. At the time of writing, there is no immediate prospect of this situation changing, but we do all hope that normal service will resume as soon as it is safe to do so.

In the meantime, office staff have been working from home. We are all connected remotely by email and phone and we have tried to keep services operating as normally as possible.

In line with government legislation, Full Council meetings are being held remotely (via Zoom software). Committee meetings have been cancelled with the exception of the Planning Committee who are reviewing planning applications by email meeting.

If you need assistance from the Town Council please phone our usual number 01789 766084 and leave a message or email me on [clerk@alcester-tc.gov.uk](mailto:clerk@alcester-tc.gov.uk) and we will get back to you as soon as we can.

Our grounds staff have been working hard whilst maintaining social distancing. I hope that you will agree that the Cemetery and open spaces look fantastic – thank you to the team for all your efforts in such difficult circumstances!

Councillors and staff have been very busy helping with the Alcester Community Resilience group. We are pleased to be able to help such a dedicated group of volunteers who are doing such a worthwhile job in helping the most vulnerable in our community.

I would like to take this opportunity to thank the various local charities and individuals who have made such generous financial contributions to the community resilience effort. These donations, together with significant grants obtained by the Town Council, have enabled the resilience effort to support those in need. Funds are inevitably limited and if you would like to make a contribution, cheques made payable to “Alcester Town Council” can be delivered to Globe House or please email me on [clerk@alcester-tc.gov.uk](mailto:clerk@alcester-tc.gov.uk) so that I can advise you of our bank details.

Stay safe.

*Vanessa Lowe, Town Clerk*

## UPDATE ALCESTER NEIGHBOURHOOD DEVELOPMENT PLAN

The [Plan](#) contains draft policies on Housing and the Built Environment; Economy; Transport and Infrastructure; Community, Leisure and Well-being and the Natural Environment. When the Plan is finalised, anyone submitting planning applications must follow the policies in order that future development respects the needs and character of the town. Alcester will also benefit from additional money that developers will have to provide for local infrastructure and facilities.

We had hoped that the Plan would be finalised in May but unfortunately the COVID-19 pandemic meant that the local referendum had to be postponed. Currently it's not clear when the referendum will be rescheduled and at worst case it may not be until next May. We will let residents know once we have a date and deliver a summary leaflet to your home.

The good news is that even in its current status the Plan carries significant weight when planning applications are being considered. Amongst the policies are those which protect our local green spaces which many of us have been grateful for when taking daily exercise in recent weeks.

If you require more information please contact Alcester Neighbourhood Development Plan Steering Group, c/o Alcester Town Council, Globe House, Priory Road, Alcester, B49 5DZ, or by email to: [administration@alcester-tc.gov.uk](mailto:administration@alcester-tc.gov.uk)

## COUNTY COUNCILLOR REPORT

The Covid19 crisis has affected every level of society, none more so than local authorities. Within a few short days of the lockdown announcement by the Prime Minister, actions were being taken to provide support for our residents.

Shielding hubs were set up under the control of Warwickshire County Council (WCC) working closely with Stratford on Avon District Council (SDC). It was a huge logistical challenge, but thanks to the close collaboration between the authorities and with support from the army, it went very smoothly. Staff from both authorities worked to distribute many hundreds of food parcels to the very vulnerable unable to get out of their homes.

WCC are the Health Authority and are responsible for Health and Social Care. In the period of the crisis so far, no hospitals within our trusts have run out of intensive care beds or PPE. No care homes were 'red flagged' meaning that they had run out of PPE. This is a testament to the organisation of the county in these times. Well done to all.

One of the biggest concerns to Councillors at this time is of course for our business community. The order to shut a business down unless able to continue trading safely has had a devastating effect on many small and medium sized businesses. Government grant aid has been passed to many such businesses via the local authorities. So far SDC has paid out more than £28m to over 1500 businesses.

*If you know of a business that has been unable to obtain a grant or arrange a loan, please call or email me. Details below.*

Due to social distancing restrictions, the waste & recycling centres were closed, however roadside collections have remained fully operational. Most sites opened on 18 May for essential visits but only to residents that have booked online at the WCC website (link below). There will be some restrictions on what can be taken to the sites. People arriving without an appointment will unfortunately be turned away- so please book in advance.

Work on our highways has stopped until social distancing rules could be drawn up. We hope to restart some road maintenance shortly. However, larger works may have to come later.

Even with Government help, all local authorities will see a fall in revenue and income this year. SDC will see a significant fall in revenue and be one of the hardest affected in the country. We do not expect to see a return to 2019 levels of tourism for some years to come.

Finally, we often hear the phrase 'front line heroes'. Well, many of our staff have performed that role beyond the call of duty. A magnificent achievement and my thanks to them all.

If I can be of help then do not hesitate to contact me: [markcargill@warwickshire.gov.uk](mailto:markcargill@warwickshire.gov.uk) or 07988485050

## ALCESTER COMMUNITY RESILIENCE

The Alcester Community Resilience group was set up in response to the COVID-19 outbreak and the lockdown measures introduced by the UK Government in mid-March.

The group offers practical and emotional support to residents in the parishes of Alcester, Kinwarton, Arrow & Weethley and Great Alne. It comprises over 200 registered volunteers who provide help such as shopping, dog walking, prescription collection and companionship calls.

By mid-May the group had received nearly 500 requests for assistance and will remain in place for as long as people need it.

The group has received financial support from Alcester Town Council which has been used to provide twice weekly complimentary meals to the most vulnerable residents in our area.

## ALCESTER MALE VOICE CHOIR

### Free Music for care homes

The Alcester Male Voice Choir are offering to donate, free of charge, CD recordings of the choir to care homes in the area.

Judith Land the choir's founder and Director of Music explains "We are aware that music is so important in a care home setting, and our recordings include a wide variety of songs which do appeal to all musical tastes - many of the songs residents will know and we hope that they will bring back happy memories. We appreciate that this is just a tiny gesture compared with what is going on in care homes at the moment. Residents can no longer enjoy live entertainment but if we can somehow help to bring a little cheer to residents, then we are happy to do so. Any care home that would like a CD should contact me on 07886 139781 or email me on [judithamvc@hotmail.com](mailto:judithamvc@hotmail.com) and I will then arrange safe delivery".

### Handel's Messiah

**Saturday 5th December 2020 in St Nicholas Church,  
Alcester.**

The choir hope to be singing this wonderful work in the Christmas Concert. Covid-19 restrictions permitting, rehearsals for the performance will begin in early September.

If you wish to take part in the rehearsals and the concert performance, make a diary note and register your interest with the choir by emailing or contacting us via our website or on Facebook.

**DO NOT MISS THIS WONDERFUL SINGING OPPORTUNITY.**

## ALCESTER'S KIDS RUN FREE- Launches Activity Hub to keep children moving

Alcester-based children's charity Kids Run Free (KRF) has set up an extensive [Activity Hub](#) packed with exercises and games to keep young people of Warwickshire and across the rest of the country active during the current period of lockdown.

Younger kids can '[Get Active with Dash](#)', the charity's friendly mascot, as he takes on various exercise challenges which can be found on the KRF YouTube channel, as well as lots of games such as 'Freeze Dance', 'Land, Sea and Air' and 'Sharks and Minnows,' many of which were filmed in the local Alcester community.

And for older children, there are workouts specifically for teenagers on the [Marathon Teens](#) YouTube channel, while Nike Community Ambassadors have been busy putting together a series of high-intensity videos which will go live on the KRF facebook page and YouTube over the coming weeks.

'Clearly, it's a challenging time for our children, and while they have been kept busy with work being sent from schools, we also thought it would be a good idea to produce content that hopefully inspires them to keep active during this period. Lots of local people have been in touch with suggestions, ideas and even contributed their own live video workouts that we have been streaming on the [KRF Facebook page](#) each week' said Martine Verweij, founder and CEO of Kids Run Free.

'It's amazing to be able to harness the community spirit of Alcester within the Activity Hub, and push the videos out to a much wider audience, something as a resident of Alcester I am extremely proud of. We are also very grateful for the support from Nike at this time, and we would encourage children of all ages to get involved via the Activity Hub which can be found on the website,' she added.

Kids Run Free can also confirm that a new Park Kids event will be coming to Alcester – the spiritual home of KRF since it launched in 2010 - when the lockdown restrictions are finally lifted.

'The Alcester community has been a backbone or support for the KRF charity since our inception a decade ago. It will feel very special to host another Park Kids event where we enjoy so much feel-good factor,' added Mrs Verweij.

# VE DAY

75<sup>TH</sup> ANNIVERSARY

A SHARED MOMENT OF CELEBRATION

8 - 10 MAY 2020

## 75<sup>TH</sup> ANNIVERSARY OF VE DAY

On Friday 8 May Alcester commemorated the 75th Anniversary of Victory in Europe. The current restrictions meant that this had to be done safely at home. This was not a problem for the townspeople of Alcester who quickly rallied to produce home made displays, picnics and entertainment - the results being fantastic.

Alcester Royal British Legion circulated a proposed timetable for the days proceedings and many people shared photographs of their celebrations online during the day. These photos will be collated to create a historical record with the potential for an exhibition in the future.

The next events in the Royal British Legion calendar are Armed Forces Day on 27 June and the 75th Anniversary of Victory in Japan Day on

15 August. More details will be released soon.

VE Day- thank you again to everyone who marked this very special occasion.

*David Malin, Secretary, Royal British Legion Alcester Branch*

## ALCESTER YOUTH THEATRE COMPANY

February seems so far away now since our last performance and the world has changed so much. Our last show - Fight for Callisto was a story about a crystal mining town on a far off planet and the inhabitants' brave attempts to fight against the big bad Star Mining Corporation. Science Fiction with an added flavour of the Wild West.

The show was very successful and pretty much sold out on the Saturday night. We had a lot of enthusiastic and talented new young actors join us this season, which was great and they brought with them some talented and helpful parents which was equally great. As usual the excellent team behind Alcester Junior Drama Club did a brilliant job on all the background things that make the show successful, make up, music, scriptwriting, props, scenery and light and sound. Talking of the team.... we said goodbye to our friend and long serving team member Matt Newby who left us to get married and travel with his new wife. Sadly the lockdown has meant that all that has been postponed, so you never know we might see him for one more year!

At this year's show we announced we will be changing our name to **Alcester Youth Theatre Company**. We are doing this partly because we felt that it was time for a rebrand, and partly because the word junior doesn't represent our young actors as well as it used to. Our age range is from 8 to 16 so we felt Youth was a better description. One of the parents has offered to help us with publicity which is great. It's something we always mean to do properly but always run out of time! Covid and lockdown has very much stopped progress on that for a while but we are hopeful that over the summer we can get back on track.

For next season's show we have one very exciting option, more of that later, but it sort of depends on how the restrictions go... If schools are fully back in September then we will pretty much start up as normal. If not, then we might start back later, and go for a simpler option if rehearsal time is shorter. However, whichever way it goes I am sure there will be a performance of some sort next February for all our fans to enjoy.

## NEIGHBOURHOOD WATCH ALCESTER

It is wonderful to report that many types of crime in the UK have fallen sharply since the start of the Covid-19 lockdown and that many examples of good neighbourliness have risen.

**Government Measures to stay at home have led to a surge in good neighbourliness** as people look out for the vulnerable and talk to those next door more than ever before, according to a new study. Almost three quarters (72%) of UK adults can now identify which of their neighbours are vulnerable.

A fifth (21%) say they have spoken to their neighbours more in the past two weeks and, one in ten (10%) say they have got to know them more. Despite not being able to spend time physically with neighbours, a sixth (16%) of UK adults say their relationship has become better in the last two weeks.

Almost a fifth (18%) say they have chatted online or over the phone to their neighbours in the last two weeks and a further sixth (16%) have dropped off essential food and medicine for them.

### The different ways people are keeping in touch with neighbours

- Almost half (46%) have spoken to their neighbours in the street at a distance
- Two fifths (42%) have chatted to them over a garden fence or wall
- Over a quarter (28%) have waved at their neighbours through a window
- A quarter (26%) have checked to see if they need anything
- 18% have spoken to them on the phone or online
- 17% have spoken to them about the Government's advice to stay at home
- 12% have dropped off shopping for them
- 4% have dropped off essential medication

Furthermore, the study shows technology is playing a huge part in keeping communities in contact. In the last two weeks alone, a sixth (17%) of people have received new contact details for their neighbours, ensuring they can keep in touch during this time.

Neighbourhood Watch believes that building strong communities where neighbours look out for each other is key and it's good to be reminded of the ordinary people who make our nation great even in the most trying of times. The kind, everyday deeds of neighbours help create safe, secure and happy neighbourhoods where people, families and communities thrive and it's times like these that communities need to stick together and look out for one another.
